To the Church of Christ in North Beach, Texas. USA.

Dear brothers.

A fraternal greeting from Chile.

It is always a pleasure to communicate with you by this means to inform you of the work I do for our God in the proclamation of the glorious gospel of our Lord Jesus Christ. Always grateful for his prayers and the communion they offer me in my work of announcing the truth of Jesus Christ.

A REPORT OF THE WORK DONE IN APRIL 2024.

Teaching that I have presented to the church.

- “God has made himself known” Romans 1:20.
- “Blessings for victorious Christians” Revelation 3:4,5.
- “How can I cleanse my heart” Psalm 51:10.
- “The transformation of the Heart” Romans 12:1,2.
- “The place of Salvation today” Hebrews 11:7.
- “The day of judgment” Hebrews 9:27.

The Church of Christ in Limache has meetings on Sundays, Tuesdays and Thursdays. I work in teaching together with brother Rubén Toledo. Also, brothers Rodrigo Acevedo, Nelson Moraga, Cesar Morales and Emilio Acevedo Jr. They present Bible lessons and help lead church meetings.

Teaching at home.

On Wednesdays I do Bible studies at my house where some brothers attend.

On Fridays I visit homes to teach new Christians and strengthen their faith.

Working in public evangelization.

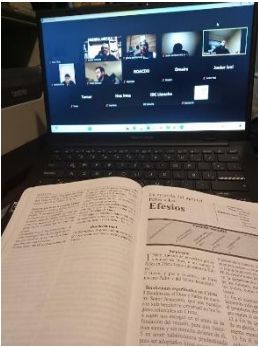

I am completing 5,000 brochures for evangelism in the city park. Delivering to people who are interested the Bible course “Jesus the Way” which is made up of 7 lessons. Whoever completes the 7 lessons we give a Bible. We want to put the word of God in the homes of our city.

Working With Area Churches.

On Sunday, April 21, I was preaching with the brothers of the Church of Christ in Caleta Portales, Valparaíso. This is a new congregation that began in November 2023. It was good to work on the spiritual edification of these brothers and strengthen their faith. Brother Piero Barrios is the preacher in this congregation.

Preaching Through The ZOOM Platform.

I maintain the work of teaching Bible lessons through the ZOOM platform. Every Monday I teach with the church of Pifo, Quito - Ecuador. I am also teaching for the church of Christ in Sullana, Peru. This congregation is made up of 12 sisters and they do not have a preacher, they have asked me for help. We meet at 6 AM every Sunday and I help them by teaching the Bible lesson and leading worship. This will be while they get a preacher from that area. Additionally, I occupy this platform to teach on Tuesdays and Thursdays to the brothers of the Church of Christ in Calama, northern Chile.

The health of Inés my wife.

This month we have been busy with my wife's health, visiting the hospital, undergoing various medical tests. Lately ultrasound, scan and several images of the cancerous tumor that she has. Now he is in the process of stabilizing the underlying diseases, diabetes, hypertension, hyperthyroidism so that he is in optimal conditions to perform the surgery to remove the tumor and the organs that are compromised. On May 10, he has an appointment at the hospital with the surgeon who will perform the operation.

Her prayers will always be very necessary and an encouragement to us in these moments of my beloved Inés' illness. We appreciate the financial help sent to carry out medical examinations and thus be able to face these moments of illness.

Dear brothers, although circumstances become difficult, I always try to be at the Lord's service faithfully, taking care of the duties that I have assumed as a worker for the Lord. His prayers will always be a very important support in my work of preaching the gospel in Chile. I greatly value the support you give me in preaching the gospel of salvation.

In the love of Christ,

Emilio Acevedo.
